ROME/VENICE JUNE 9TH – 14TH, 2019

NAPLES/FLORENCE JUNE 24TH – 28TH, 2019

CALL FOR APPLICATIONS - SCHOLARSHIPS -

THE PROJECT

PSL (Paris Sciences et Lettres - Research University Paris), the Ecole des Hautes Etudes en Sciences Sociales, the Ecole Française of Rome, the Césor (Centre d'études en sciences sociales du religieux) and the Istituto Ellenico of Venice fund the third edition of the **IIPS-International Itinerant Paleographic School**. The action (which is supported by the Collège de France, the Ecole Pratique des Hautes Etudes, the university of Cassino, the university of Florence, the university of Naples Federico II, the university of Caserta, the University of Rome Sapienza and the Parco Archeologico of Herculaneum) will consist in a five and six-days training session. Trainees will be divided into two groups:

Group 1: Rome/Venice – June 9th to 14th 2019

and

Group 2: Naples/Florence – June 24th to 28th 2019

The program, open to a maximum of thirty fellows and six selected auditors, will focus on ancient and medieval books, documents and inscriptions, and will consist of seminars, conferences and guided visits of libraries (*Casanatense* and *Corsiniana* of Rome, *Vittorio Emanuele III* of Naples, *Medicea Laurenziana* of Florence, *Marciana* of Venice), research institutes (*Istituto papirologico "G. Vitelli"* of Florence, *Centro Internazionale per lo Studio dei Papiri Ercolanesi "Marcello Gigante"* of Naples, *Istituto Centrale per il Restauro e la Conservazione del Patrimonio Archivistico e Librario* of Rome), a museum (*Museo Nazionale Romano - Sede del Museo della Comunicazione scritta dei Romani*) the archeological site of Herculaneum and the *Villa Campolieto*. The IIPS will be a transdisciplinary and comparative action focused on written materials produced in the Mediterranean area from Antiquity to Middle Ages (Greek, Latin, Arabic and Coptic papyri, *ostraca*, rolls, *codices* and inscriptions). It aims at offering (a) a unique and international training opportunity, thanks to the collaboration of researchers gathered from many universities and research institutes from different countries; (b) an exclusive and direct access to original documents and research materials and (c) a chance to share experiences with experts in all the fields related to the study, preservation, restoration and valorization of written heritage.

Special emphasis will be given to archiving and cataloguing techniques used in different areas and periods, to the creation and developing of collections and to the general dynamics of loss and preservation of written heritage.
